

THE PERFORATING PRESS

TM

Volume 3

Quality Perforating, Inc.

Issue 03

The World Trade Center Project!

From our beginning in 1863 to present,
we continue our dedication to customer sanctification.

This commitment has helped QPI anticipate and respond to the changing demands of our dynamic industry.

Quality Perforating, Inc.

**Gives you the FREEDOM you need
to build your hole architectural project!!!**

What we did

QPI helped engineer the panels & layout using over 500,000 lbs. of Aluminum covering 25,000 Sq/ft. of the first 22 floors of the Freedom Tower #1. There were over 100 separate part configurations and 7 million holes.

America called and QPI delivered, call us with your Architectural project today.
